Meals Plus

A LINQ SOLUTION

New in this release
New Features

- o **NEW! Additional User Access Roles have been added to enforce security for User Groups in Inventory.**
  - The **Process Order** and **Close Physical** functions can be enabled in **Administration: System Settings: User Role Access: Inventory**.
    - Disabling **Process Order** will allow your users to **Create an Order**, but not be able to **Process** the order.
    - Disabling **Close Physical** will allow your users to create and save a **Physical**, but not be able to **Close the Physical**.
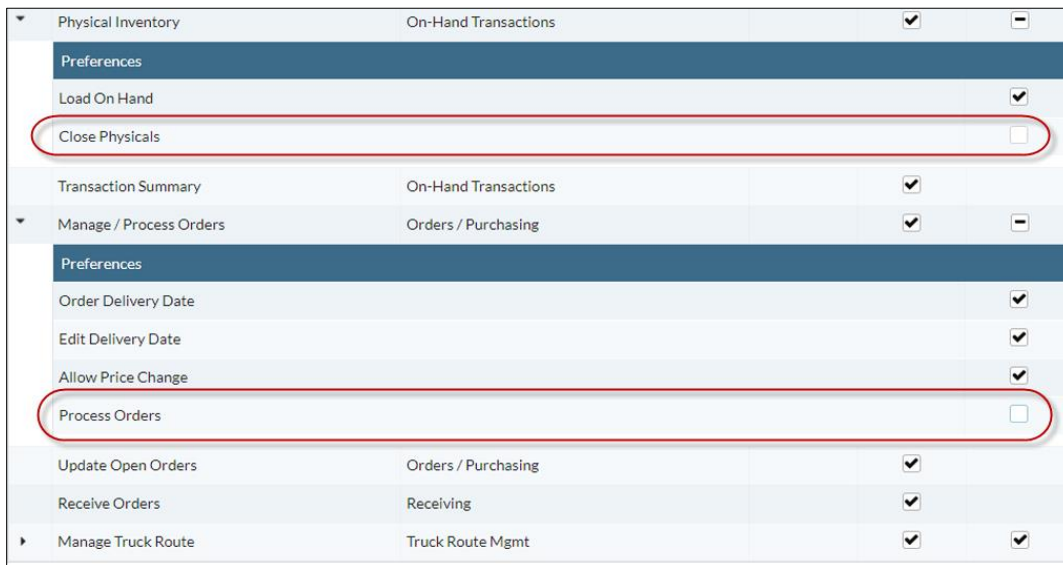

- o **NEW!** *VendorLink* **can now be run as an Automatic Nightly Import.**
  - The **Nightly Import** will run any time after midnight.
    - A **Manual Import** must be ran once before the **Nightly Import** can be run.
    - The **Enable VendorLink Nightly Import** checkbox must be checked for the nightly import to be enabled and run.
