- o **NEW! Additional options have been added to Vending Setup under Administration.**
  - Administrators will now be able to restrict the sale of **Prohibited Items** to prevent certain products from being sold to students with **Prohibited Items**.
  - **Special Milk (SM)** purchases will now be allowed.
  - **A la Carte** limits will now be enforced for vending purchases.
    - If a student/adult has a **positive balance** and a **Charge Status** of anything other than **'Y',** they should be able to purchase items using their balance.
    - The **A la Carte** will only be enforced on students with **Charge Status = 'Y'.**

Other Enhancements
Administration
System Settings
Default Labor Hours

- The **Default Labor Hours** feature allows administrators to enter a default **Labor Hours** amount at the district level for each site or multiple sites at once.
  - o Customers must have proper security access to use this feature.

- o If **Default Labor Hours** have been set up for a site, the **Labor Hours** field will populate in **Daily Deposit**.
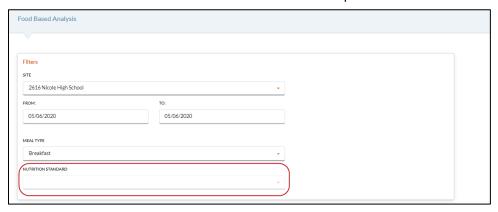

Reports

Menus

### Food Based Analysis

- o Validation has been added to the **Date Range** for this report.
  - An error message will display unless the correct number of days is selected.
- o A **Nutrition Standard** filter has been added to the report.

Serving

Teacher Rolls

- The ability to *include* or *exclude* **Non-LEA Students** has been added to the report.

Students
